Inspections Department*

**Substantial Amendment
Annual Action Plan 2008-2009 Program year
CDBG-R**

CDBG-R SUBMISSION TEMPLATE & CHECKLIST

The American Recovery and Reinvestment Act of 2009 ("Recovery Act") was signed into law by President Obama on February 17, 2009. The Recovery Act awards \$1 billion in CDBG Recovery (CDBG-R) funds to be distributed to cities, counties, insular areas and states, of which \$10 million has been reserved by HUD for its administrative costs and \$10 million of which will be awarded to Indian tribes. Recipients of the remaining \$980 million of CDBG-R funds will be the approximately 1,200 jurisdictions that received CDBG funding in Fiscal Year 2008. This template sets forth the suggested format for grantees receiving funds from CDBG-R. A complete submission contains the information requested below, including:

- (1) The CDBG-R Substantial Amendment (template attached below)
- (2) Spreadsheet for Reporting Proposed CDBG-R Activities (see <http://www.hud.gov/recovery>)
- (3) Signed and Dated Certifications (see <http://www.hud.gov/recovery>)
- (4) Signed and Dated [SF-424](#).

Grantees should also attach a completed CDBG-R Substantial Amendment Checklist to ensure completeness and efficiency of review (attached below).

THE CDBG-R SUBSTANTIAL AMENDMENT

ENSURING RESPONSIBLE SPENDING OF RECOVERY ACT FUNDS

Funding available under the Recovery Act has clear purposes – to stimulate the economy through measures that modernize the Nation’s infrastructure, improve energy efficiency, and expand educational opportunities and access to health care. HUD strongly urges grantees to use CDBG-R funds for hard development costs associated with infrastructure activities that provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of existing buildings. While the full range of CDBG activities is available to grantees, the Department strongly suggests that grantees incorporate consideration of the public perception of the intent of the Recovery Act in identifying and selecting projects for CDBG-R funding.

A. SPREADSHEET FOR REPORTING PROPOSED CDBG-R ACTIVITIES

Grantees must provide information concerning CDBG-R assisted activities in an electronic spreadsheet provided by HUD. The information that must be reported in the spreadsheet includes activity name, activity description, CDBG-R dollar amount budgeted, eligibility category, national objective citation, additional Recovery Act funds for the activity received from other programs, and total activity budget. An electronic copy of the spreadsheet and the format is available on HUD’s recovery website at <http://www.hud.gov/recovery>.

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

(1) Activity Name: Administration

(2) Activity Narrative:

This activity is used to reimburse a portion of the wages and fringes of the Federal Administrator for the portion of time worked on the CDBG-R substantial amendment (not to exceed 10% of the grant) and any administration of the grant while it is active.

The Administration activity assists in preserving the job of the Federal Administrator by a partial reimbursement of wages and fringes. These wages and fringes would otherwise be covered by the General Fund preventing the use of those funds on another person.

(3) Jobs Created:

A portion of one job will be retained by the usage of the Administration activity.

(4) Additional Activity Information:

This activity will not promote energy efficiency

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

(1) Activity Name: Gaffke Park Fencing

(2) Activity Narrative:

Gaffke park, located within a Census Tract that qualified for CDBG funding, was recently renovated with CDBG funds to grade the land, install irrigation, create a new soccer field, and a new baseball field. A small parking lot was also installed, a playscape was relocated, and a sidewalk was installed that runs the length of the park for accessibility. The park is flanked by single family residential properties on two sides, and currently the fence(s) between the park and the properties is in severe disrepair. This activity would fund the purchase and installation of approximately 1,200 linear feet of chain link fencing at a height of 8 feet to create a tasteful and safe barrier between the public park and the private residences, thus completing the necessary renovations to the park.

The installation of the fencing will create 2-4 temporary jobs, and it will impact the immediate neighbors of the park as well as the users of the park by creating a safe barrier that prevents trespassing on private property and maintains a clean edge between the park and private property.

This investment will increase economic efficiency by providing a fence that will not need maintenance or repair for decades if properly installed.

Finally, the installation of the fence is investing in the city's park and recreation infrastructure by creating a safe and attractive park that is desirable to have in a neighborhood as well as desirable to use by residents and non-residents.

(3) Jobs Created:

This activity will create 2-4 temporary jobs for the installation of the fencing.

(4) Additional Activity Information:

This activity will not promote energy efficiency

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

(1) Activity Name: Senior Activity Center Funding

(2) Activity Narrative:

The operations of the Senior Activity Center has been supported through the regular CDBG program for decades; however, during the past 3-4 years, since CDBG funding has decreased, so has the city's ability to cover the operating expenses with CDBG funding. The public service cap plus the decrease in overall funding each year has resulted in a \$35,000 gap in operations funding annually. Many minor services have had to be reduced during this time, some of which were important to the well-being of the Senior population. This activity (not to exceed 15 of CDBG-R award) would restore the funding to its full level for a year, allowing the Senior population of the city to be better served during a time when their limited incomes may not be able to cover the cost of some services.

This additional funding would maintain the jobs of the current Senior Center coordinator, an assistant, as well as the incidental staff associated with the Senior Center including the cook and other assistants.

The residents that will be positively impacted by this increase in funding are over the age of 50, a population listed as qualifying by the CDBG program. The majority of these residents are on a fixed income and the recession has had a negative impact on the investments of many people, especially the former employees of the auto companies. This population is trying to maintain a lifestyle that was enjoyed a few years ago; however, it has become harder to do so with less money. The Senior Center will be able to continue to offer essential services to the senior population and supplement their needs with services such as bus trips, meals, exercise, and entertainment.

The investment into the Senior Activity Center will provide long-term economic benefits by allowing the senior population to stay in their homes longer by utilizing the services that help maintain their independence. By keeping residents in their home longer, the population of the city remains stable.

(3) Jobs Created:

The additional funding will maintain two full time positions and continue to provide for 3-5 part time positions.

(4) Additional Activity Information: This activity will not promote energy efficiency.

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

(1) Activity Name: Street Replacement

(2) Activity Narrative:

There are 19 Block Groups within the City that have 44.4% or more residents that are considered low to moderate income individuals. These areas qualify for street and infrastructure repair funding and the City has set aside funding for paving and infrastructure repair and replacement in some of these areas. These Block Groups are scattered throughout the City with some low to moderate income qualifying block groups concentrated east of Little Mack Avenue between 9 and 11 Mile Roads. The following streets are slated to be removed and replaced in the next few months; Gordon from Florence to Nieman and Florence from Stanley to Martin Road. Additional roads within the qualifying block groups may be reconstructed if the season and budget allows.

This activity will create jobs through the removal and reconstruction process, and it will promote economic recovery on those streets that have been hardest hit by the recession. Many of the qualifying census tracts have seen significant deterioration in the condition of the roads and housing stock. Improving the road will lead to an improvement of the aesthetics of the neighborhoods. When neighborhoods are aesthetically pleasing then buyers are more apt to consider homes in that area.

The construction of roads increases economic efficiency by requiring much less maintenance than deteriorated concrete roads.

Also, the reconstruction of these residential streets is a significant investment into the city's transportation network.

(3) Jobs Created:

This activity will create 10-12 temporary construction jobs during the span of the reconstruction project.

(4) Additional Activity Information: This activity will not promote energy efficiency.

(5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

C. PUBLIC COMMENT

Provide a summary of public comments received to the proposed CDBG-R Substantial Amendment.

Note: A Proposed CDBG-R Substantial Amendment must be published via the usual methods and posted on the jurisdiction's website for no less than 7 calendar days for public comment.

Response:

The plan will be posted on the city's website beginning on Thursday May 28th. The plan will be available for comment until at least June 4th at 4:30 pm. Any public comments received will be forwarded on to HUD for review.

Paper copies of the plan will also be available for review at City Hall, the Library and the Central Fire Station.

CERTIFICATIONS

(1) **Affirmatively furthering fair housing.** The jurisdiction will affirmatively further fair housing, which means that it will conduct an analysis to identify impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting the analysis and actions in this regard.

(2) **Anti-displacement and relocation plan.** The jurisdiction will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601), and implementing regulations at 49 CFR part 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under CDBG-R.

(3) **Drug Free Workplace.** The jurisdiction will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about –
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted:
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

(4) **Anti-lobbying.** To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

(5) **Authority of Jurisdiction.** The jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations and other program requirements.

(6) **Consistency with Plan.** The housing activities to be undertaken with CDBG-R funds are consistent with its consolidated plan.

(7) **Section 3.** The jurisdiction will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u), and implementing regulations at 24 CFR part 135.

(8) **Community development plan.** The jurisdiction certifies that the consolidated housing and community development plan identifies housing and community development needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the statute authorizing the CDBG program.

(9) **Following a plan.** The jurisdiction is following a current consolidated plan that has been approved by HUD.

(10) **Use of funds.** The jurisdiction has developed activities so as to give the maximum feasible priority to activities that will benefit low- and moderate-income families or aid in the prevention of slums or blight. Additional activities may be included that are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG-R funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);

2. **Special Assessments.** The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds by assessing any amount against properties owned and occupied by persons of low- and moderate-income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG-R funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with CDBG-R funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds, unless CDBG-R funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. In addition, with respect to properties owned and occupied by moderate-income (but not low-income) families, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds if the jurisdiction certifies that it lacks CDBG-R or CDBG funds to cover the assessment.

(11) **Excessive Force.** The jurisdiction certifies that it has adopted and is enforcing: (1) a policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and (2) a policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location that is the subject of such non-violent civil rights demonstrations within its jurisdiction.

(12) **Compliance with anti-discrimination laws.** The CDBG-R grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Fair Housing Act (42 U.S.C. 3601-3619), and implementing regulations.

(13) **Compliance with lead-based paint procedures.** The activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K, and R of this title.

(14) **Compliance with laws.** The jurisdiction will comply with applicable laws.

(15) **Compliance with ARRA.** The jurisdiction will comply with Title XII of Division A of the American Recovery and Reinvestment Act of 2009.

(16) **Project selection.** The jurisdiction will select projects to be funded, by giving priority to projects that can award contracts based on bids within 120 days from the date the funds are made available to the recipient, and that will ensure maximum job creation and economic benefit.

(17) **Timeliness of infrastructure investments.** When the jurisdiction uses CDBG-R funds for infrastructure investments, the grantee will give preference to quick-start and finish activities, including a goal to use at least 50 percent of the funds for activities within 120 days of enactment of the Recovery Act.

(18) Buy American provision. The jurisdiction will ensure that all iron, steel and manufactured goods used in construction, alteration, repair, or maintenance of a public building or public work project assisted with CDBG-R funds under the Recovery Act must be produced in the United States unless the Secretary finds that: (1) the requirement is inconsistent with public interest; (2) those goods are not reasonably available or produced in sufficient quantity in the U.S.; (3) or the use of the goods will increase the project cost by more than 25 percent.

(19) Appropriate use of funds for infrastructure investments. The Governor, mayor, or other chief executive, as appropriate certifies, that any infrastructure investments have received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. Alternatively, a grantee's chief elected official certifies that infrastructure investments will receive the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

(20) 70% of CDBG-R for LMI. The aggregate use of CDBG-R funds shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the grant is expended for activities that benefit such persons over the life of the CDBG-R grant.
